

LABOR LEADERS UPSET ALL PLANS TO END THE STRIKE

Arbitration Committee Ap-
pointed Without
Authority.

DELIVERY THE ISSUE

President Shea Declares There
Will be No "Backdoor
Settlement."

Chicago, May 18.—Aside from the
presence of Samuel Gompers, the in-
fluence that gave greatest promise of
a settlement of the strike was the ar-
bitration committee appointed by the
Chicago Team Owners' association and
the Teamsters' union.

The question of arbitration is on the
justification of the teamsters in refus-
ing to make deliveries to strike af-
fected firms. In anticipation of a fa-
vorable verdict the large team owners
prepared today to begin hauling to
such stores.

Both Name Men.

The team owners met this morning
and appointed as their member of the
arbitration committee Edward J.
Hines, a prominent lumber man. The
teamsters selected William J. Gibbons,
president of the Teamsters' Joint coun-
cil as their representative. These
two after appointing a third member
will, it is announced, proceed to settle
the question whether the teamsters
should deliver goods to boycotted
houses.

Shen Upsets Move.

Later in the day President Shea, of
the Teamsters' International union,
threw cold water on all peace moves.
He declared he had not considered ar-
bitration in any form, and had never
agreed to arbitrate the question wheth-
er the teamsters should deliver to boy-
cotted houses.

No "Backdoor" Settlement.

"There will be no backdoor settle-
ment," said Shea. "When I am beaten
I will come out and say so." This de-
claration of Shea came as a surprise to
all concerned as it was explicitly
stated last night and today he had
made such an agreement, and threw
the whole peace movement up in the
air.

Members of the Team Owners' as-
sociation immediately started out to
find Shea and get some idea how and
where they stood.

Gompers Not in Either.

President Gompers professed to be
surprised to read in the papers that
the teamsters had agreed to arbitrate
the team owners' proposition. He
said:

"I have made no proposition to arbi-
trate this strike. I would not if I
could and I could not if I would. The
matter of a settlement must be taken
up by the officers of the Employers' as-
sociation and the teamsters. The best
I can do is to work for peace and to
bring the two opposite parties to-
gether."

course of his address before the Pres-
byterian assembly yesterday Justice Harlan
of the United States supreme court ex-

world power. "It will be regretted,"
he said, "that we are governing mil-
lions of people without their consent
and are taking on a colonial system
such as England has. We dare not
become a world power unless we are
willing to accept all the responsibility.
One of these responsibilities," he ex-
plained, "is that of spreading religion."
William J. Bryan, one of the speak-

Dr. William Osler made this state-
ment today in an address following

berculosis was a thing to strive for.

Sidney Gorman of the Chicago Auto-
mobile club appeared in behalf of the
new automobile act, while D. W. Smith,
president of the Illinois good roads
commission, opposed it. Mr. Smith
represented the farmers who objected
to the bill on the ground that it would
give the automobilists the right of way
to the road if permitted to become a
law and that the 20-mile speed limit
is too high.

Other New Laws.

Senate, 259, authorizing the organiza-
tion of mutual insurance companies
among manufacturing and mining com-
panies with provision that the com-
pany shall have at least 25 members,
\$15,000 a year assured in premiums,
and that the total amount of insurance
shall be based on a pay roll of not less
than \$2,500,000.

Senate, 413, authorizing cemetery
associations to secure additional land
by condemnation.

Senate, 204, providing for the ap-
pointment of the internal improvement
association to investigate problems
connected with the projected deep wa-

of \$7,000 for this purpose.

Senate, 190, requiring clerks of
courts in Cook county to keep their
offices open from 8 o'clock in the

Drastic Divorce Law.

Hereinafter, or more properly speak-
ing, 90 days from date, a divorce de-
gree granted by any court will not be
effective until one year has passed,
and in more aggravated cases, such as
adultery, the guilty party will be com-
pelled to wait two years before he or
she can remarry. Parties violating the
new law, which became such when
Gov. Densen affixed his signature to
house bill 602, will be deemed guilty
of adultery and may be punished by
confinement in the state penitentiary.

This new divorce law is perhaps the
most drastic of any now in operation
in any of the states and is the outcome
of the popular agitation against the
divorce evil.

TRAGEDY IN HAL

Baptist Convention Delegate
Stricken During St. Louis
Meeting.

DR. CUSHING, OF INDIA

Permanent Organization Effected by
Election of Staff of
Officers.

St. Louis, Mo., May 18.—Just as the
Baptist convention was about to ad-
journ yesterday Rev. Dr. Cushing, pre-
sident of the Baptist university, Ran-
goun, India, was stricken while occupy-
ing a seat upon the rostrum and fell to
the floor, dying in a few minutes.
While waiting for the arrival of an
ambulance a prayer was offered for
Dr. Cushing, the delegates standing
with bowed heads while the supplica-
tion was being voiced.

Before the arrival of medical assist-
ance Dr. Cushing had been carried from
the speakers' stage to the vesti-
bule of the First Baptist church, where
the convention is being held, and Cush-
ing from the pews had been hastily
procured to make a temporary resting
place for the stricken man. He did
not regain consciousness.

ANARCHISTS FREED BY SPANISH RULER

Barcelona, May 18.—Seventeen men
imprisoned here for connection with
the anarchistic affairs were released
yesterday on the occasion of the cele-
bration of the 19th birthday of King
Alfonso.

Not Near Breakdown.

St. Petersburg, May 18.—The report
circulated yesterday that owing to a
nervous breakdown Vice Admiral Ro-
jestvensky had applied to be relieved
from duty officially is denied. How-
ever the condition of the admiral's
health continues to be a source of anx-
iety.

Germany Again Denies.

Tokio, May 18.—The foreign office
today announced the receipt of a com-
munication from the German govern-
ment pronouncing as utterly unfoun-
ded the reports of the occupation of
Haichow.

Captured by the Japanese.

STEAMING SLOWLY

Japan Expects a Demonstra-
tion Before Rojestvensky
Goes into Pacific.

St. Petersburg, May 18, 2:40 a. m.—
With a suspicious stoppage of dispatch-
es from Manchuria and a strong possi-
bility that Vice Admiral Rojestvensky
has cut his last communications with
home and set forth on the final stage of
his journey to his goal, either to battle
with Togo or to a haven at Vladivos-
tok, keen interest is manifested in
naval and military circles here in the
two-fold field of war.

Expect News of Fight.

Though the admiralty, which has
been completely silent since the advent
of Rojestvensky in the Chinese sea,
publishes no dispatches, the conviction
is growing that the united squadrons
departed from the Amur coast imme-
diately after their junction May 12,
and naval officials are anxiously ex-
pecting news of the first skirmishes be-
tween scores of the hostile fleets.

Fleet Travels Slowly.

Singapore, May 18.—The Russian
fleet was about 120 miles northeast of
Cape Varella, coast of Annam, during
the morning of the 16th, according to
a report brought here by the British
steamship Hong Wan.

The German steamer Segovia sighted
42 Russian ships 40 miles from
Cape Varella May 15 steaming slowly
north.

Junks Carry Provisions.

Hongkong, May 18.—A correspond-
ent at Kwanchang bay reports having
observed the night of May 16, 150 deep-
laden junks presumably loaded with
provisions for the Russian fleet an
ebullient 20 miles off Cape St. John.

Going for Provisions.

The locality in which the Russian
fleet was reported by the British
steamer Hong Wan does not indicate
a naval battle is imminent. The Rus-
sians were on May 16 only about 150
miles from the coast of Annam and
apparently heading north for the waters
of the island of Hainan near which,
according to a Hongkong dispatch, 150
junks laden with provisions were wait-
ing for the Russian fleet.

Battle Far off.

Even in case Rojestvensky decided
not to take these supplies on board
or if the Hongkong report is incorrect
the Russian fleet May 16 was still
about 200 miles from the southern part
of Formosa, where it has been asserted
Togo may give battle and it is doubt-
ful if the fleet can make more than
about 200 miles a day, under the most
favorable circumstances.

Speculation at Tokio.

Tokio, May 18.—The reported de-
parture of Rojestvensky from Honkoo
bay northward renews the popular ex-
pectation of a naval action in the near
future. It is believed Rojestvensky,
having filled his coal bunkers and re-
supplied his fleet, is now in condition
to assume the aggressive, if he so de-
sires.

Knows Little About It.

It is the opinion of some Rojestven-
sky may make a demonstration in the
vicinity of the island of Formosa and
Pescadores and then enter the Pacific
enroute for Vladivostok. This is, how-
ever, purely speculative. Everything
depends upon Rojestvensky's plans
which while as yet closed, may yield
an extended stay in southern waters.

It is reported contractors who sup-
plied coal and provisions to Rojestven-
sky in Indo-China waters, approached
the French colonial officials prior to the
arrival of the Russian fleet, and
arranged the rendezvous at Kamranh
and Honkoo bays.

Not Near Breakdown.

jestvensky had applied to be relieved

ever the condition of the admiral's

iety.
